## **About Alicia Nicole**

Alicia Nicole is a contemporary literary author whose work explores identity, motherhood, emotional resilience, and the psychological interiority of Black women navigating ambition and healing. Her writing interrogates cultural expectations of strength and reframes vulnerability as deliberate agency. Through refined prose and structural discipline, she constructs narratives that examine trauma, accountability, and transformation within modern social contexts.

## Book Feature

Where Do Black Girls Go To Cry — Author's Cut is a contemporary literary novel examining identity, motherhood, mental health, ambition, and emotional resilience through the lived experiences of Black women. This definitive edition reflects structural refinement, emotional precision, and narrative maturity, presenting the most complete version of the text.
